

# PROPOSED 2017 BUDGET

**MAYOR C. KIM BRACEY**  
**101 S. GEORGE ST. YORK, PA 17401**

# Mayor's Budget Message

---

As required Article XVIII, Sections 1801 to 1811.2 of the Third Class City Code and Optional Third Class City Charter Law, I submit the City of York's proposed budget for calendar year 2017.

We have worked diligently with cabinet members, and the Budget Team to develop this balanced budget, mindful of our City's needs and to provide the best and most effective service while committed to our 5-year financial plan for the City.

The City's revenues simply do not keep pace with the growing costs of healthcare and pension liabilities. We are committed to take the steps necessary that will close this financial gap and maintain our level of service. In order to balance this proposed 2017 budget, we not only are forced to hold the line in our department budgets wherever possible, but to freeze or eliminate vacant positions.

The total 2017 proposed budget for the City of York is approximately \$104 million, with a General Fund budget of over \$45 million. A complete copy of this proposed budget is available at [www.yorkcity.org](http://www.yorkcity.org).

This budget is introduced with a 2% property tax reduction and remains on track for an overall 15% property tax reduction in 5-years. Due to required maintenance of our sewer infrastructure and increased cost to our refuse contract, a 10% sewer fee and a 3.9% refuse fee increase is also included in this budget.

All 3<sup>rd</sup> Class Cities in Central Pennsylvania continue the difficult challenge of paying for necessary public services with revenue from an antiquated and inadequate revenue generating system. The financial picture for other cities in the region are very similar to ours and continue to deteriorate. I cannot overstate this enough.

As your Mayor, I am prepared to demand that these issues be addressed and that we not continue to sit idle while our Commonwealth's core communities continue to struggle to conduct the business of government. As a result, I will ask again of our York County delegation of Pennsylvania elected officials, both representatives and senators, to convene and discuss solutions for the fundamental flaws in our Commonwealth structure of Third Class City government. The authority to lessen our City's over-dependence on property tax rests with our Commonwealth General Assembly.

We will continue to work with City Council to minimize the impact going forward and to continue to provide the absolute best possible service to you, our citizens.

Respectfully,

C. Kim Bracey  
Mayor

## FINDING YOUR WAY AROUND THE BUDGET BOOK

A municipal budget is a financial operations plan that is a prospective. It is a plan for future action and an estimate and allocation of future resources to fund those future actions. The budget contains a large volume of information and can be difficult to navigate. Below is a guide to help you understand this document.

The **Introduction** contains a message from the Mayor along with general information about the City of York.

In the **Summary** section you will find the highlights of the previous year and the highlights anticipated for the coming year. Charts and graphs give a quick and easy way to view the revenue and expenditures expected in 2014. Summaries by fund, department, type and cost center are found in this section.

The City is organized in **six categories/departments**. A description of the department is found at the beginning of each section. Detail to support the numbers found in the Summary section will be found in the **Detail** area. Both revenue and expenditures are listed line by line. Knowledge of the account number structure is crucial to understanding the layout of the reports.

## EXECUTIVE SUMMARY

### Introduction

It is an honor to present the proposed 2017 budget for the City of York, Pennsylvania. The changes highlighted in the 2017 budget are one part of a multi-year plan designed to foster greater financial stability in our great city. This plan is aimed at creating a competitive tax structure, protecting the future for the City of York and moving the City of York forward with best practices and reasonable levels of service delivered with efficacy to better serve our taxpayers. The City of York is creating a path toward greater fiscal sustainability that achieves improvements for our residents, property owners, businesses and visitors alike while working to advance the City of York's ability to compete in the future.

The continuing national trends are for costs to increase, and for revenue to remain steady, as impacted by local trends and the physical and legal conditions that prevail in Pennsylvania. The challenge is to find a way to make an antiquated revenue generating system yield adequate revenue to pay rising costs without further impoverishing the local population while, at the same time, struggling to wring every penny of savings from the City's expenditure obligations. Employee health care, public safety pensions, the Act 111 labor relations process, and the outdated and inadequate methods by which revenue is raised to pay for municipal services continue to challenge the City officials' creativity in balancing revenue and expenditures.

Outside of public safety costs, the general fund budget has increased by less than 3% over the last 10 year period. At an average spending increase of 0.3% per year, the Administration has managed to control costs at a fraction of the consumer price index measure of inflation. Despite reductions in staffing and equipment, legacy costs continue to increase annual operating expenses at an unsustainable rate. The City must negotiate additional reform in each of the public safety labor contracts in order to sustain this progress into 2020 and beyond.

### The Process

The 2017 budget process began in July 2016 with preliminary meetings scheduled with each department. In August, department directors and/or their appointed designees began calculating their 2016 year end projections and their 2017 budget requests. Over the next two months, numerous budget meetings were held with department directors, middle management and elected

officials to refine the requests into a balanced budget. 2017 is the first time in recent history that the Mayor and Council worked together to combine their public hearings into one thorough review in November. Each department has the opportunity to present their budgets and to explain to the Mayor, Council and the public at large any significant variances in comparison to the 2016 final budget and/or historical trends.

Over the next 45 days, Council will have the opportunity to continue the review process and recommend further adjustments. Meanwhile, city staff will continue to explore all options - working with financial experts from facing similar challenges around the country. The process will end in December as the Administration and Council work together to pass a balanced budget supported by all parties involved.

### Revisiting the Plan

The Administration continues to work hard to attain the five year financials goals established at the outset of 2015. The infrastructure changes adopted in late 2014 created a three year window for the City to meet the short term goal of producing balanced budgets without enduring additional cuts and affording more time to focus on the long term need to create a sustainable operation. Recent efforts have extended this window through 2019 but much work must still be done to sustain these improvements into 2020 and beyond.

The historical pattern has been to raise real estate taxes in order to raise revenue. However, in the long term this further reduces the property values, stymies economic development and further perpetuates the never ending vicious cycle of a city trying to tax its' way out of a hole. Bucking this trend, the City is committed to the goal of reducing real estate taxes by 15% over the next five years starting in 2016. The plan is to reduce the real estate tax millage by 1% in the first year, followed by 2%, then 4% then 8%, respectively. Adhering to the plan, the 2017 budget includes a 2% reduction which equates to a \$30 savings on an average house worth \$50,000.

2015 also marked the first year that a reserve fund was established to begin addressing the \$17.4 million in unfunded liabilities attributable to other post - employment benefits (OPEB) including but not limited to retiree healthcare and deferred-compensation. 2017 includes a 4% increase (\$560,000) in OPEB funding.

The next priority is to eliminate accumulated fund deficits in the General, Recreation, Health and WRCT funds. The City finished 2013 with a \$4.9 million accumulated deficit in the General fund. However, as of December 31, 2015 the deficit was reduced to less than \$1 million. The deficit will be completely eliminated by the end of 2016 as the current budget will yield a slight surplus in the general fund. Meaningful pension reform achieved through the latest round of labor contract negotiations with the Fraternal Order of Police, reduced the pension plan unfunded liability by more than \$12 million and enabled the City to become current on annual pension obligations for the first time in many years. First reported by the PA State Auditor General's office, the pension plan funding ratio has improved from 58% in 2014 to 65.5% as of January 1, 2016.

In spite of difficult times, the Recreation fund improved in 2014 and 2015 further reducing the deficit from \$353,383 to approximately \$100,000. At this rate, the 2016 budget should restore this fund to a positive fund balance. From here, the City will strive to build a responsible fund reserve balance healthy enough to absorb lean years of revenue and/or dramatic increases in expenses.

In 2015, WRCT was reduced to one staff member until additional sustainable funding can be raised to effectively maintain desired operating levels. The current staffing model enables the City to maintain operations while incrementally reducing the negative fund balance over the next three years.

And the final major financial goal of the 2015 plan is to regionalize as many shared services as possible. 2017 encompasses two win-win opportunities with the County. The first is the consolidation of our real estate tax collections into one office. The second demonstrates the potential cost savings generated by leveraging our purchasing power to issue one joint request for proposals as we solicit print copier services.

### Better Serving Our Taxpayers

Finding ways to do more with less is a constant challenge to any operation. Over the past two years, back office administration has managed to reduce overall staff by almost 25% (5 positions) with minimal help from outside services. The ability of staff to reduce the outstanding caseload with labor unions is a direct result of better management and effective labor relations.

These reductions have enabled staff to shift resources to areas of City government that have been reported as areas of concerns as identified by our citizens. The 2017 budget adds one new property

maintenance inspector and one transfer to help with neighborhood blight issues. This budget also includes a new GPS monitoring system for the City fleet vehicles. This interactive real time reporting will enable the City to better respond to citizen concerns and provide for more effective management of field personnel.

### Protecting the Future

The 2017 budget includes several infrastructure projects that will help sustain critical City assets for years to come. As the Chesapeake Bay Watershed Initiative and the need for continued maintenance on the infrastructure of our sewer system continues, sewer rates must rise to meet the ever increasing demands. In addition, two major construction projects will reduce storm water inflow and infiltration into the sewer collection system.

The Rail Trail Extension through the Northwest Triangle along the Codorus Creek will help preserve our City's natural beauty, ensuring ample green space in the midst of heavy economic and community development. The Rail Trail will be paid for by a \$1.47 million state grant. Furthermore, redevelopment projects at Memorial Park will add fencing, lighting and other amenities largely paid for by \$325,000 in grants and private contributions.

Mayor Bracey's commitment to public safety is also evidenced by the inclusion of adequate staffing at all three community resource offices fostering neighborhood outreach in our most deserving neighborhoods. 2017 will also enable the City to hire five new police officers to help offset the scheduled retirements of five senior officers. The proposed budget also does not contain any layoffs or furloughs.

### Maintaining Quality of Service

Despite going through great lengths to control costs at the wastewater treatment plant coupled with realizing increasing revenue collections above historical rates, sewer rates must rise this year by at least 4.0%. There are four main drivers behind the increase. First, the construction projects identified previously will increase expenses by \$625,000. These projects have been removed from prior year budgets but we cannot continue to avoid this liability. Further delays run the risk of increased costs of repairs, fines and more may far exceed the cost of the current projections. Secondly, treatment charges will increase by \$206,000. Third, the State Department of Environmental Protection (DEP) has mandated that the City retain a new MS4 Stormwater

Coordinator position. And lastly, the associated annual debt service for previously issued infrastructure bonds will increase by \$275,000. City residents and businesses alike will pay an additional \$2.60 to \$5.50 per month depending on the level of 2017 support committed to each construction project.

Unfortunately, the 2017 budget also includes 4.0% increase in refuse fees. The new contract for refuse collection and disposal services increases fees by \$200,000 in 2017 and another \$200,000 in 2018. In August 2016, the Administration put the City's refuse contract out for a bid and Council approved the new contract for the lowest qualified bidder in October. This requires a fee increase of \$1.00 per month for residential properties and \$2.00 per month for commercial properties.

## Conclusion

There is a buzz about the City of York. Dust is in the air as construction projects begin to revitalize our Nation's First Capital. Simultaneously, pockets of development are occurring throughout the City. From the Northwest Triangle to Continental Square, United Fiber & Data to the redesign of Thackston Park and neighborhoods such as WeCo and Royal Square emerging, York is in the midst of a Renaissance.

The City has taken many proactive steps to improve its financial health and put in place the structure necessary for future economic and human capital growth. While the challenges are great, the City is fortunate to have a community of business leaders, a strong community foundation and City leaders who see the incredible potential of the City if its financial challenges can be managed. These disparate groups agree on the need to dramatically reduce, not just stabilize, city real estate tax rates – both school district and municipal. Until this is done, the success of the County's core will continue to be limited. Our efforts must remain focused on regionalizing as many services as possible while lobbying Harrisburg legislators for pension reform and relief from Act 111 arbitration proceedings.

Notwithstanding the financial challenges that the City faces, citizens can be assured that the Administration will continually look for ways to improvise, improve and innovate. It is our vision that the City of York shall be a thriving urban community in which every person is welcome to be safe, successful and happy. We will not be ashamed to copy good practices from others nor will

we fear trying new things of our own devising. The protection and improvement of the health, safety and welfare of the community is our reason for being. Citizens can be assured that the Bracey Administration holds the long term welfare of the community as the guiding principle of our actions. Our goal is to build fiscal stability and a competitive tax structure while seeking creative solutions to improve and enhance services delivered by the City.

I am proud to be a part of this bold movement.

## **SEWER SYSTEM STRUCTURE DESCRIPTION**

### **Intermunicipal Sewer Fund**

### **City Sewer Fund**

Information on the City Sewer Fund and the Intermunicipal Sewer Fund (IMSF) are presented throughout this budget. This section explains the structure of the sewer and wastewater treatment plant system and the accounting mechanisms for that system.

The City was the creator of the York City Sewer Authority (YCSA). The Authority owns the Wastewater Treatment Plant. In the late 1980's and early 1990's plant improvements were made for biological phosphorus and ammonia removal. This plant upgrade was financed through bond issues in an amount approaching \$80 million. The City guaranteed these bonds.

More recently the YCSA awarded several contracts to upgrade the wastewater treatment plant and sanitary sewer system. This work included improvements to the biosolids conditioning process, replacement of building roofs, building improvements for the Ostara project, purchase and installation of the Capstone® microturbines, design and installation of an improved computer control system, and modifications to the existing biological process that allows for greater removal percentages for both phosphorus and nitrogen compounds. In addition, a section of the Poorhouse Run sanitary sewer system was replaced. The YCSA funded these projects through bank notes and bond issues. The estimated cost for all of these improvements was \$48 million. Grant funding was obtained in the amount of \$3,392,100.

The Authority leases the Wastewater Treatment Plant to the City, which in turn subleases a share of that facility to six other municipalities: West York Borough, North York Borough, Manchester Township, Spring Garden Township, West Manchester Township and York Township. Through lease documents and other intermunicipal agreements the City and these municipalities have agreed on how the costs of repaying the debt and operation costs associated with the plant will be apportioned.

The actual costs of operating the plant are shown in the Intermunicipal Sewer Fund (IMSF), a fund maintained by the City, but independently audited and subject to scrutiny by the other municipalities. System-wide debt service is paid through the City Sewer Fund. It is a predetermined amount agreed to by all parties. The revenue necessary to pay these expenses is also shown in this fund. The plant operators are City employees, and their costs dovetail into the City's operation costs. The City apportions certain administrative costs directly to the IMSF.

Each municipality, which contributes to the Wastewater Treatment Plant, does so through a collection system it owns, and in some cases also through City-owned lines if necessary to move waste to the plant. Each municipality generally maintains its own lines, except in the case of major "interceptor" lines, which serve more than one municipality. The costs to repair or replace these interceptor lines are initially borne by the Sewer Authority and later passed on to the contributing municipalities. If a municipality uses City-owned lines, it pays a charge that is used to pay a proportional share of maintaining or upgrading those lines.

Each municipality also sets its own sewer rates, which are separate and distinct from the treatment rates charged by the City to the municipalities. A municipality's rates are based on its share of the Wastewater Treatment Plant costs, plus expenses it incurs in owning and maintaining a collection system.

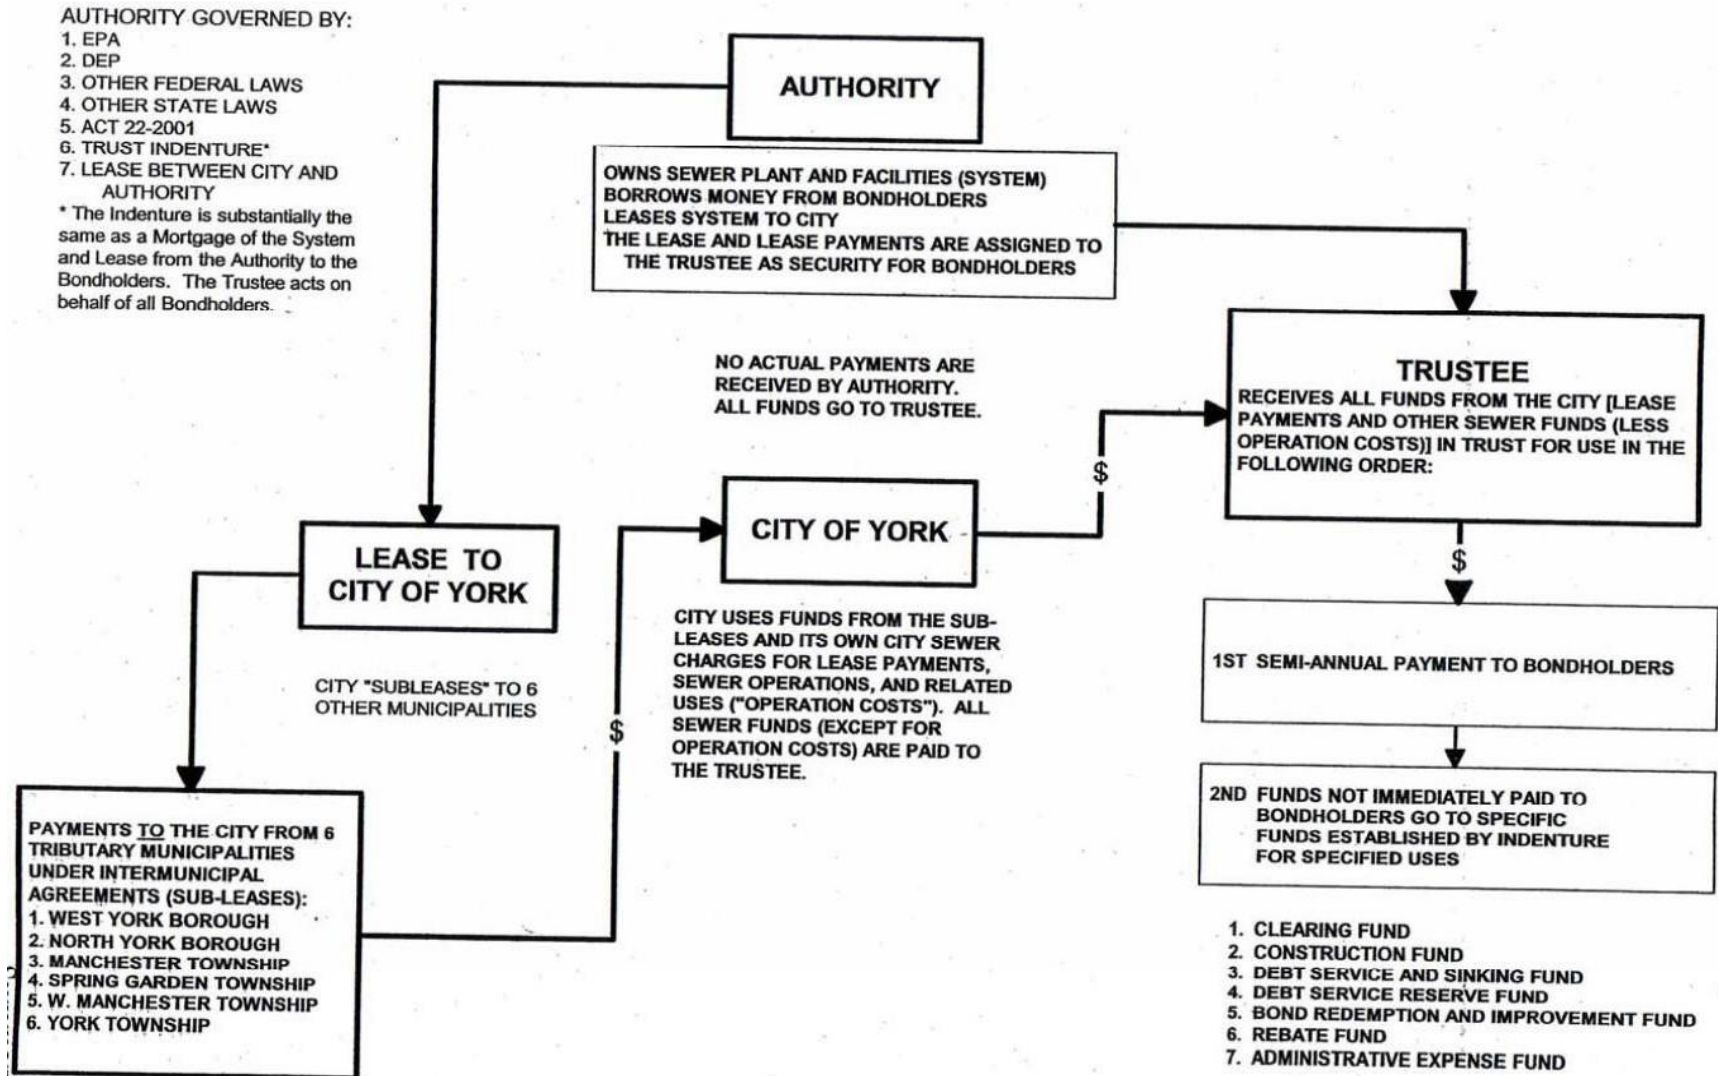

In the case of the City, revenue from the payment of sewer charges by City property owners is deposited in the City Sewer Fund. Out of this fund, the City pays its charge to the Intermunicipal Sewer Fund, plus its costs of maintaining its own sewer collection system and any administrative costs it may internally allocate to sewer maintenance or revenue collection.

The chart on the following page provides a "snapshot" view of the flow of funds and structure of the system.

## DEPARTMENT OF ECONOMIC & COMMUNITY DEVELOPMENT

**Shilvosky Buffaloe**  
Acting Director

**The Department of Economic and Community Development is headed by a director appointed by the Mayor. The director oversees and provides guidance and management to all the bureaus listed below. The goal of the Economic & Community Development Department is to enhance the quality of life in the City through the development of strong neighborhoods and cultivate conditions that encourage a diversely vibrant economy throughout the City of York. The vision of the Department is to develop the City into a thriving business (i.e. medical, educational, industrial, commercial, service, and retail), residential, cultural, recreational, and tourist destination.**

**The City Redevelopment Authority falls under the direction of the Department of Economic and Community Development. Improvement of neighborhoods citywide is the ultimate mission of the Redevelopment Authority.**

## **Permits, Zoning and Inspections**

The Bureau of Permits, Zoning and Inspections is responsible for all aspects of planning, development and construction codes. This Bureau conducts inspections, investigates complaints, reviews plans, holds public hearings, issues permits and certificates of use and occupancy. Licenses are issued for all health and food related establishments. The Bureau provides short-range and long-range planning expertise in the areas of housing, economic development, transportation, land use, urban design and public and civic infrastructure. The staff provides routine planning and engineering assistance to other City departments, agencies, neighborhood organizations and citizens. Mandated activities include the review of subdivision and land development plans, zoning applications, sewer planning modules and environmental reviews.

## **Health**

The Bureau of Health provides public health services in the City of York. These services are designed to complement traditional health care by focusing primarily on prevention. Health Bureau staff provide administrative services and Clinical services are provided at the Health Bureau Annex. In the community, staff provides educational activities, home visits, additional immunization clinics, environmental inspections and environmental health interventions. The Bureau develops an annual health plan, which is submitted to Pennsylvania Department of Health and the bureau assesses the health care needs of York City residents.

## **Housing**

The Bureau of Housing Services primarily benefits low- and moderate-income households through the homeownership and rehabilitation programs funded by the U. S. Department of Housing and Urban Development. Home ownership programs include the First Time Homebuyer Downpayment and Closing Cost Assistance Program (the “3/2” Program), and Mortgage Credit Certificate Program. Rehabilitation programs include Critical Needs assistance for homeowners, and the Owner Occupied Rehabilitation Program. The bureau endeavors to develop strong neighborhoods through the preservation of the existing housing stock, the creation of home ownership opportunities, construction of new housing, and the promotion of the physical, economic and social welfare of the residents.

10-411-31010-00000	\$61,242	Based on this year's anticipated revenue and the history of the line item. However this line item can fluxuate greatly each year.
10-411-31040-00000	\$700	Anticipate this line item to be flat.
10-411-31050-00000	\$26,250	Anticipated revenue based on a five year average.
10-411-31080-00000	\$13,000	Based on five year average.
10-411-31130-00000	\$1,100	Based on this years anticipated revenue.
10-411-31161-00000	\$500,000	This line item is very difficult at best to predict. It is influenced by many factors such as economy and anticipated projects among others. Although there are several major projects that MAY go to permit next year I am not able to gauge the permit value at this time. There are several large projects due to be permitted in 2017 that should increase this line item.
10-411-31180-00000	\$13,356	Based on line item history, averages and a moderate increase based on this years numbers.  Based upon the average revenue since 2008 as well as the uptick in the numbers for the current budget year.
10-411-31190-00000	\$4,000	Based on anticipated revenue this year.
10-411-31210-00000	\$1,450	Based on five year average of the line item revenue.
10-411-31220-00000	\$8,700	Based on a five year average of the line item revenue with no anticipated major special events added next year.
10-411-31281-00000	\$3,400	Based on the average revenue for this line item since 2008 and adjusted for the average change.
10-411-31286-00000	\$25,000	Based on projected reveune for this year. New line item wiith no history.
10-411-34120-00000	\$15,000	Best estimate based on averages.
10-411-34180-00000	\$18,000	plan to use in 2017
10-411-35010-00000	\$8,500	Based on the history of the line item since 2008 and adjusted for current trends.
10-411-35030-00292	\$11,000	This is a relatively new line item with no significant history. The request is based off of this years request.
10-411-35040-00000	\$7,000	Based on the history of the line item since 2008 and recent trends.
10-411-35050-00000	\$11,000	Based on line item averages and current trend.
10-411-35060-00000	\$1,245	Based on the average line item revenue since 2008 and adjusted for current trends.
10-411-35070-00292	\$20,500	Based on the known number of grease interceptors in the City.
10-411-35080-00000	\$23,500	This line item is difficult to predict at best. There is no way certain to determine the number and size of certificate of occupancy inspections that will occur in any given year. This request is based on the history of the line item, current estimate of this years revenue and my best estimate.

10-411-35090-00292	\$850,000	Request is based off of the best estimate of licensed units anticipated next year. Revenue is imbalance from previous years due to the third party agency not sending out the license applications prior to the beginning of the license year as had been done in the past. This is an accounting issue. I believe that the 2017 budget year should be more balanced
10-411-35120-00292	\$387,000	Based on know number of units times the inspection fee.
10-411-35121-00292	\$315,000	Based on line item history and the best estimate of revenue for next year.
10-411-35640-00000	\$160	There has not been an appeal filed in over 5 years. However I am requesting \$160 as a place holder for this line item.
10-411-37030-00000	\$100	Standard budgeted amount. Request for maps and ordiances has declined considerably as this information is available on the web site at no charge.
10-411-37080-00000	\$100	Based on prior years.
10-411-39080-00292	\$18,500	plan to use in 2017
10-411-39123-00000	\$150,000	We will once again apply for the \$150,000 CBDG grant.

10-411-41120-00000	\$4,800	Cost of uniform rental for inspectors and health officer. Increased due to increase in personnel and requested additional increase in personnel.
10-411-41130-00000	\$3,000	We are now required to supply shoes for the property maintenance inspectors and this will also cover the cost of inspection equipment that has previously been taken from incorrect line items.

The Recreation and Parks Director shall classify all City park property under a uniform system of classification and designate for each such classification the use or uses which, in his/her judgment should be permitted therein. Categories of classifications which the Recreation and Parks Director shall designate may include, but are not limited to, parks, playgrounds, playlots, and leased facilities. The Recreation and Parks Director shall classify all City park property under the following classification system:

  - (2) Conditional approval. If, within the time prescribed by the Recreation and Parks Director, any required fee is not paid, or an insurance certificate evidencing the requisite insurance is not filed with the Department of Public Works, or the approval or permit of other governmental entities has not been received, or the other terms and conditions have not been met, the conditional approval will automatically

Provided, however, the City may extend the period of review for an additional fourteen days by issuance of a written notice of extension. If, prior to the expiration of the extended review period, no written denial is issued, the application for permit shall be deemed to have been granted a conditional approval pursuant to subsection (e)(2), above.
- (4) Notice of extended review or denial of issuance of permit. Written notice of denial or notice of extension shall be served on the applicant by personal delivery, or by deposit in United States mail, with proper postage prepaid, to the name and address set forth on the application for permit.
- (5) Contents of notice: grounds for denial. Notice of denial of an application for permit shall clearly set forth the grounds upon which the permit was denied and where feasible, shall contain a proposal by the City for measures by which the applicant may cure any defects in the application for permit or otherwise procure a permit. Where an application or permit has been denied because a fully executed prior application for the same time and place has been received, and a permit has been or will be granted to the prior applicant authorizing uses of activities which do not reasonably permit multiple occupancy of the particular area, the City shall propose an alternate place, if available for the same time, or an alternative time, if available for the same place. To the extent permitted by law, the City may deny an application for permit if the applicant or the person on whose behalf the application for permit was made has on any prior occasion made material misrepresentations regarding the nature or scope of an event or activity previously permitted or has violated the terms of any prior permit issued to or on behalf of the applicant. The City may also deny an application for permit on any of the following grounds:
  - A. The application for permit (including any required attachments and submissions) is not fully completed and executed;

- B. The applicant has not tendered the required application fee with the application or has not tendered the required user fee, indemnification agreement, insurance certificate, within the times prescribed by the Recreation and Parks Director;
  - C. The application for permit contains a material falsehood or misrepresentation;
  - D. The applicant is legally incompetent to contract or to sue and be sued;
  - E. The applicant or the person on whose behalf the application for permit was made has on prior occasions damaged City property and has not paid in full for such damage, or has other outstanding and unpaid debts to the City;
  - F. A fully executed prior application for permit for the same time and place has been received, and a permit has been or will be granted to a prior applicant authorizing uses or activities which do not reasonably permit multiple occupancy of the particular park or part hereof;
  - G. The use or activity intended by the applicant would conflict with the previously planned programs organized and conducted by the City and previously scheduled for the same time and place;
  - H. The proposed use or activity is prohibited by or inconsistent with the classifications and uses of the park or part thereof designated pursuant to this chapter, subsection (a), above;
  - I. The use or activity intended by the applicant would present an unreasonable danger to the health, safety or welfare of the applicant, or other users of the Park, of City employees or of the public;
  - J. The applicant has not complied or cannot comply with applicable licensure requirements, ordinances or regulations of the City concerning the sale or offering of sale of any goods or services; or
  - K. The use or activity intended by the applicant is prohibited by law, by this Code and ordinances of the City.
- (6) Amendment or revision of applications. Any amendment or revision of an application or permit shall for purposes of determining the priority of the application of permit, relate back to the original filing thereof; but the time in which the City shall grant or deny the application for permit and service notice of such granting or denial shall be computed from the date of the amendment or revision.
- (f) Procedures for Review; Waivers.
- (1) Review by Director of the Department of Public Works.
- A. Any applicant who is denied a permit or denied a request for a waiver of an application fee, user fee, or certificate of insurance, or a permittee who has received a fine pursuant to this section may, within seven days of the service of notice of such determination, file a written appeal from such determination with the Director of the Department of Public Works;

- B. The Recreation and Parks Director shall have seven days from the date on which the appeal was received in which to serve upon the applicant a notice that he/she has affirmed, modified or reversed the denial;
  - C. Such notice shall be deemed served upon the applicant or permittee when it is personally delivered or when it is sent by United States mail, with proper postage prepaid, to the name and address set forth on the application for permit;
  - D. If such notice is not served upon the applicant or permittee within the seven (7) days of the date upon which the appeal was filed, then the denial shall be deemed reversed.
- (2) Form of appeals. Any appeals filed pursuant to this section shall state succinctly the grounds upon which it is asserted that the determination should be modified or reversed and shall be accompanied by copies of the application for permit, the written notice of the determination of the City, and any other papers material to the determination.
- (3) Waiver of requirements. Any requirements for an application fee, user fee, or certificate of insurance shall be waived by the Recreation and Parks Director, if the activity is protected by the First Amendment of the United States Constitution and the requirement would be so financially burdensome that it would preclude the applicant from using Park property for the proposed activity. Fees for equipment and services shall not be waived pursuant to this subsection. Application for a waiver of an application fee, user fee, or certificate of insurance shall be made in writing and must include an affidavit by the applicant and sufficient financial information about the applicant to enable the Recreation and Parks Director to determine whether the requirement(s) would be so financially burdensome that it would preclude the applicant from using Park property for the proposed activity. If it appears that the applicant does not have sufficient funds to satisfy the user fee requirements prior to the proposed event, but that the applicant intends to raise sufficient funds at the event, the Solicitor's Office shall require the applicant to pay such user fee out of the proceeds of the proposed event. If no written denial is issued within fourteen (14) days of the date on which the application for such waiver is fully completed, executed and filed with the Solicitor's Office, the waiver request shall be deemed approved, contingent upon the applicant complying with all other permit requirements. Denials of requests for such waivers shall be subject to appeal procedures contained in subsection (f)(2) hereof.
