# BRING ON PLAY

The playful side of York City

[www.yorkcity.org/bop](http://www.yorkcity.org/bop)

### OUR MISSION:

Renovate one playground per year in the City of York with the **community's** support to design, fundraise, and build. Through our programs, events and new **play spaces**, we promote **active lifestyles** and **family interaction**.

### ACHIEVEMENTS:

In four years, BOP has **completed the renovation of three city parks**. In 2011, we made York City playful for all. BOP "let the big kids play" in the adult-only **BOPstacle Race** and with **Plaza Palooza** we brought droves of fun-loving families to Sovereign Bank Stadium.

### WHAT'S NEXT?

The largest BOP project to date is slated for this year.

In 2012 BOP is helping to bring Penn Park back to its historic place as a core component of our York City community.
