714.06 VARIANCES AND NOISE CONTROL BOARD; APPLICATION AND FEE.

- (a) Variances.
 - (1) Authority. The Noise Control Board shall have the authority to grant variances, consistent with the provisions of this section, after public hearing, upon application of any person who owns, controls or operates any sound source which does not comply with the provisions or standards of this chapter.
 - (2) Application. The application shall state the standard, provision or section from which the variance is being sought and the period of time and reasons for which the variance is sought. It shall contain information which demonstrates that bringing the sources of sound or activity for which the variance is sought into compliance with this chapter would constitute an unreasonable hardship on the applicant, and it shall contain any other supporting information which may reasonably be required.

- (3) Public notification. Public notice of an application and the date, time and place of the public hearing to be held thereon for a variance shall be given by publishing notice thereof in a newspaper of general circulation in the City at least once, not less than three days prior to the scheduled public hearing, and by, if practicable, conspicuously posting the premises that is the source of the sound for which the variance is sought.
- (4) Hearing. The Board shall hold a public hearing to decide variance applications presented to it. Any person who claims to be affected by allowance of the variance may become a party to the hearing.
- (5) Review standards. In determining whether to grant or deny the application, the Board shall balance the hardship to the applicant versus the adverse impact to the public health, safety and welfare and shall consider at a minimum the following conditions:
 - A. The physical characteristics of the emitted sound;
 - B. The times and duration of the emitted sound;
 - C. The geography, zone and population density of the affected area;
 - D. Whether the public health and safety is endangered;
 - E. Whether the sound source predates the receivers; and
 - F. Whether compliance with the standards from which the variance is sought would produce hardship without equal or greater benefit to the public.
- (6) Decision. The Board shall render a written decision in granting or denying the application for variance and, if denied, shall state the reasons therefore. The Board's decision shall be made available to the applicant and any other person who requests it in writing. In granting a variance the Board may attach reasonable conditions, including but not limited to placing a time limit on the permitted activity and/or establishing a time schedule within which the source of sound or activity for which the variance was sought must be brought into compliance with this article. Where the grant of a variance is conditioned, the variance shall not become effective until all conditions are agreed to and/or complied with by the applicant. Noncompliance with any condition of the variance shall terminate it and subject the person holding it to those provisions of this article regulating the source of sound or activity for which the variance was granted. Variances may be granted for a period of up to one year. The person obtaining the variance may reapply for additional variance periods under terms set forth by the applicant and the Board.
- (7) Appeals. Appeal from an adverse decision of the Board shall be made to the Court of Common Pleas of York County.

(b) Special Variances. The Chief of Police, the Police Commissioner or his designee may, upon application and guided by the standards for review set forth in subsection (a)(5) hereof, grant special variances for infrequent events or activities which do not exceed twenty-four hours in duration. Such special variances are not renewable except by action of the Board pursuant to subsection (a) hereof. The Board shall hear and decide all appeals from the denial of a special variance, the practice and procedure thereon to be in accordance with subsection (a) hereof.

(c) Noise Control Board. The Noise Control Board for the purposes of this chapter shall be the Nuisance Abatement Board of Appeals as established by Article 1751 of the Codified Ordinances, which Board, in addition to its other duties as outlined by Article 1751 of the Codified Ordinances, shall have full authority to carry out the duties of the Noise Control Board, as set forth in this chapter. All applications to the Board shall be filed through the Director of the Department of Community Development or his or her designee and shall be accompanied by application fee, which shall be set by Council. The hearing shall be held not more than thirty days following the filing of the application and the decision thereon rendered within forty-five days of the last hearing in the case before the Board.

- B. The Recreation and Parks Director shall have seven days from the date on which the appeal was received in which to serve upon the applicant a notice that he/she has affirmed, modified or reversed the denial;
 - C. Such notice shall be deemed served upon the applicant or permittee when it is personally delivered or when it is sent by United States mail, with proper postage prepaid, to the name and address set forth on the application for permit;

- (3) Waiver of requirements. Any requirements for an application fee, user fee, or certificate of insurance shall be waived by the Recreation and Parks Director, if the activity is protected by the First Amendment of the United States Constitution and the requirement would be so financially burdensome that it would preclude the applicant from using Park property for the proposed activity. Fees for equipment and services shall not be waived pursuant to this subsection. Application for a waiver of an application fee, user fee, or certificate of insurance shall be made in writing and must include an affidavit by the applicant and sufficient financial information about the applicant to enable the Recreation and Parks Director to determine whether the requirement(s) would be so financially burdensome that it would preclude the applicant from using Park property for the proposed activity. If it appears that the applicant does not have sufficient funds to satisfy the user fee requirements prior to the proposed event, but that the applicant intends to raise sufficient funds at the event, the Solicitor's Office shall require the applicant to pay such user fee out of the proceeds of the proposed event. If no written denial is issued within fourteen (14) days of the date on which the application for such waiver is fully completed, executed and filed with the Solicitor's Office, the waiver request shall be deemed approved, contingent upon the applicant complying with all other permit requirements. Denials of requests for such waivers shall be subject to appeal procedures contained in subsection (f)(2) hereof.

Any person who shall fail or refuse to perform any act, duty or obligation imposed by this article shall be sentenced to pay a fine not exceeding one thousand dollars (\$1,000) and costs of prosecution, and in default of payment thereof, may be imprisoned for not more than 30 days. 755.02 DEFINITIONS.

(a) "Owner" means the person or persons, corporation, business entity, tenant or tenants, occupants of a building, or person or persons in control or possession of the building which receive the direct benefit of protection from such alarm, and furthermore shall include any person or persons, corporation or business entity which has a contract for the express purpose of monitoring the police alarm, fire alarm, smoke detector or any other type of alarm.

(b) "Police Alarm" includes alarms commonly referred to as "burglar alarms" and "hold-up alarms". (Ord. 2-1990 §1. Passed 3-20-90.)

755.03 DECLARED A PUBLIC NUISANCE.

The use of police or fire alarms, whether audible or direct-line type of alarms, are expressly permitted subject to the following conditions:

- (a) Direct-line radio or other electronic police or fire alarms shall be installed by competent workmen so that such devices shall not emit false alarms.
- (b) Any alarm system that produces false alarms shall constitute a public nuisance if such system activates more than one false alarm in any thirty day period, or two false alarms in any ninety day period, or three false alarms in any 180 day period, or four false alarms in any 365 day period.
- (c) Any police officer or fire fighter who responds to a false alarm shall report the same to the Police Commissioner/Chief of Police or Fire Chief as appropriate, who shall monitor and maintain records concerning such false alarms.
- (d) When any alarm system shall constitute a public nuisance as set forth hereunder, the Police Commissioner/Chief of Police or Fire Chief, as the case may be, shall notify the owner of the system that it has activated more false alarms than is permissible hereunder and that any future false alarms shall result in the prosecution for violation of this article.

- (e) Notice as required by this article shall be given by the Police Commissioner/Chief of Police or Fire Chief by mailing a certified letter with return receipt requested, or by personal service of such notice by handing a copy of the same to the owner of the subject property, or to an adult representative thereof. If service is made in person, the Police Commissioner/Chief of Police or Fire Chief, or his or her designee, shall file a proof of service which shall be under oath and which shall designate the person upon whom service was made.
- (f) For the purpose of this article the owner of real estate on which an alarm system is placed and used shall be considered the owner and the person responsible for its proper maintenance and use.
- (g) In addition to any penalty provided hereunder, upon notifying the owner that the police or fire alarm system constitutes a public nuisance, the Police Commissioner/ Chief of Police or Fire Chief, as the case may be, shall also notify the York County Emergency Operations Center and any other agency handling the system that the system has been declared a public nuisance and that the system should be disconnected and no longer used.

Following notice by the Police Commissioner/Chief of Police or Fire Chief that a police or fire alarm system constitutes a public nuisance, the owner of such system may file an affidavit with the Police Commissioner/Chief of Police or Fire Chief as appropriate indicating under oath that the false alarms previously caused by such system were caused by a known mechanical or other defect within the system, not to include improper use. Such owner may verify and shall include a statement by competent workmen or repairmen in the field that such system was defective and such deficiency has been corrected. Upon the filing of such affidavit with appropriate exhibits, the false alarm history concerning the premises shall be considered void and of no legal effect. (Ord. 13-1979 §1. Passed 8-21-79.)

755.07 NEGLIGENT USE.

(Ord. 13-1979 §1. Passed 8-21-79.)

755.09 PERMISSION TO INSTALL.
