## Projection Comment Report

| Account \# | Projected | Explanation |
| :---: | :---: | :---: |
|  |  | PROJECTED EXPENSE |
| 10-110-40010-00000 | \$35,345 | Salaries/Wages (40010): Project additional expenditure of \$35,344.91 to cover total 2009 line item expense determined by Business Administration in the amount of $\$ 95,444.68$. |
| 10-110-42070-00000 | \$3,500 | Other Professional Services (42070): Project expenditure of \$3,500.00 through year end 2009 to cover stenographic services to record Council budget hearings. This fee will also cover the cost to transcribe said hearing should the need arise. Otherwise, recordings will be used and placed on file with the steno service selected for said job. |
| 10-110-43010-00000 | \$1,793 | Travel (43010): Project additional expenditure of $\$ 1,793.06$ to cover costs for Council travel to various municipal related functions through year end 2009. |
| 10-110-43190-00000 | \$2,853 | Calculated: Internal Services |
| 10-110-43191-00000 | \$1,524 | Calculated: Internal Services |
| 10-110-43192-00000 | \$1,633 | Calculated: Internal Services |
| 10-110-43193-00000 | \$25,555 | Calculated: Internal Services |
| 10-110-43194-00000 | \$3,522 | Calculated: Internal Services |
| 10-110-44020-00000 | \$3,637 | Printing/Binding (44020): Project additional expenditure of \$3,636.50 in anticipation of the need to transfer funds from this account to "advertising". With adoption of extensive ordinance amendments, in addition to notice of budget hearings and possibly special meetings associated with legislative matters, it is anticipated that funds in the advertising line item will be inappropriate and the need to transfer from this account into the advertising account is a realistic projection. |
| 10-110-44030-00000 | \$1,020 | Association Dues/Conferences (44030): Project additional year end expenditure of $\$ 1,020.00$ for PLCM and/or other municipal functions/conferences for Council. |
| 10-110-44040-00000 | \$3,287 | Advertising (44040): Anticipate 2009 expenditures to exeed the appropriated amount due to the need to advertise legislation as required by Section 109 of the 3rd Class City Code. The anticipated overage is a result of proposed adoption of pension ordinances and possibly a new zoning ordinance, which will require notice of hearings. This expense will also cover hearing \& special meeting notices. Will transfer funds from the printing/binding line item as appropriate. |
| 10-110-44170-00000 | \$5,850 | Building Rent: (44170): Calculated by Business Administration which is determined by square footage. Based on the 2009 allocation for this line item, a projection of $\$ 5,849.72$ is being calculated to fulfill the amount appropriated to this line item in 2009. |
| 10-110-45020-00000 | \$171 | Office/Data Processing (45020): Project additional year end expenditure of $\$ 171.30$ to cover costs for various office supplies (i.e., typewriter ribbon, correction fluid, paper, envelopes, etc.) |
| 10-110-45300-00000 | \$300 | Other Supplies/Materials: Project additional expenditure of $\$ 300.00$ for purchase of storage boxes to archive Resolutions and Ordinances adopted by Council. |

10-400-42070-00000 $\$ 354,500 \quad$ A. Northwest Triangle

This number reflects $50 \%$ match commitment for electrical relocation of a high-power line that bisects NWT site.
Property insurance (Keystone Colorworks, et. al.) \$25,000
Indemnification Bond Payment ( Ohio Blenders Acquisition) \$ 25,000

Evironmental Remediation Contingency \$ 52,500
Per the $\$ 1,050,000$ PA DEP GGII grant, a $5 \%$ contingency fund in the event that construction occurs and additional contamination is found.
B. Downtown Merchant Marketing \& First Friday Expansion \$6,000

This funding will be matched, $\$ 1: 1$, by Downtown Inc.
Thus leveraging an additional \$6,000 for marketing, development and expansion of the highly successful First Friday and other merchant-run events, such as Go Green in the City and Family Friendly Days.
C. Fresh Food Funds, Version $2.0 \$ 20,000$

These funds will leverage an additional $\$ 20,000$, that will perpetuate the City-centric, successful Fresh Food Revolving Loan Program.
D. City of York Business in our Sites (BIOS) Capital Improvement Revolving Loan Fund \$20,000
This novel new program will be launched in 2010 and will leverage $\$ 40,000$ from the City RDA, among other potential sources, to seed a Capital Improvement RLF. This program will fund business retention and expansion improvements, and low-interest loan incentives to existing or new City-based businesses. The intended program will provide additional access to capital funds that traditional financial institutions may not impart in todays economic climate, and continue to bolster and support the expansion of our local economic base.

## E. Micro Enterprise Development "Entrepreneurial York" \& York Business Academy \$20,000 <br> This funding is earmarked to support the launch of Entrepreneurial York, a business development, retention and expansion service and strategy that will be employed in 2010, it's inaugural year, by the City Economic Development Department. <br> The City of York Economic Development Department has helped fund the York Business Academy for six years. In 2010, we project expansion of the Academy to provide quarterly courses (including one Spanish speaking course). This will ensure that the program continues coordination with community organizations, not limited to AHEAD and YCP SIFE, CFF and Score.

F. Project HOPE Phase I ESA, Phase II Characterization, and Geotechnical Survey \$15,000
This funding will be utilized to determine any environmental contamination on site and clarify if the proposed residential reuse of this redevelopment area will merit additional site work to support vertical construction.

G. GREEN-PRINT York $\$ 15,000$
This funding will launch the development of the first-ever GREEN-PRINT energy
efficient, sustainable planning document to be implemented as a phased-in approach.
Similar to a "blueprint," York's first ever GREEN-PRINT will outline the proactive
measures already employed by the City of York and community organizations, and
develop a series of steps and initiatives that will perpetually transition York to a more
efficient and sustainable community.
We anticipate a travel budget due to the fact that four full-time employees will use their
personal cars to travel to perform official business, attend conferences, seminars, and
meeting and performed project site-specific inspection.

It's because the closing of restaurants in the City less health linceses will be taken out
Because more people are trying to sell things door to door because of the economy
We are expected to receive the same in Plumber Linceses
We are anticipating the same intake for mechanical devices in the hopes that no additional restaraunts close.
Department anticipates a decreased need for sign permits due to economic climate
The Department will hold the line at $\$ 40,000$ for revenue in electrical permits for 2009
Due to the current eceonomic downturn, the Department anticipates an reduction in construction renovation involving plumbing, such as bathroom and kitchen remodels. However, due to recent economic downturns, the Department does not anticipate greater than $\$ 350,000$ in building permit fees to be received by the City
Due to the Bureau of Housing Services renewed focus on the blight process, the Department can anticipate an increase in demolition fees.
With the Department's efforts in collaborating with local banks to develop sidewalk improvement loan programs and it's effort to enforce code tripping hazards, the Department is anticipating to receive additional requests for curb and sidewalk permits in 2010.
The Department has reduced it's projection for dumpster permits based on the amount of revenue received in 2009 for this line-item
The Department hopes to have continued such with the collection of special event permits in 2010
Requested amount is based on the projected amount of permits to be received in 2010 that will require the City to pay $\$ 4$ per permit to L\&I
Due to the fact the PMI staff is almost at full capacity, the Department anticipates an increase in the amount of fees received due to code enforcement
Due to the economic times, the Department anticipates receiving increase amount in alcohol tax from the State
We are requesting the same amount of money for the Zoning and Subdivision fees because the economy we see a slow down on new projects.
We have set the budget lower because of the economic slow down we are anticipating less plan review for the year 2010
Beacause of the economic slow down we are expected to have less project be reviewed by engineers therefore the departament is budgeting for the same amount it did in 2009 With the new business application we are expected to do just about the same in buiness knowing that with the economic slow down less buisness would come to the City We are budgeting for the same amount that we did in 2009 because do to the economic slow down less people would want to appeal the board to be able to have a variance towards their new buisness
The Department does not receive many requests for zoning determination letters.
We are budgeting for less because of the closing of business and restaurants around the City less grease and trap inspections will have to be done.

## Projection Comment Report

| Account \# | Projected | Explanation |
| :---: | :---: | :---: |
| PROJECTED REVENUE |  |  |
| 10-500-32040-00000 | $(\$ 68,000)$ | With 4 months left to go in fiscal 2009, we are anticipating another 68,000 dollars in fines. This is 4 months averaging 17,000 dollars. |
| 10-500-32050-00000 | $(\$ 85,000)$ | Revenue from this may fall about 5 thousand short. We are averaging 21,250 dollars a month for this year. |
| 10-500-35160-00000 | $(\$ 2,000)$ | With four more months left in the year, one more warrant sweep should bring in the additional revenue listed. |
| 10-500-35170-00000 | $(\$ 8,500)$ | This is the expected revenue if it remains constant for the last 4 months of fiscal 2009. This would be about 5 thousand less than last year. Unsure why this revenue has fallen. |
| 10-500-35200-00000 | (\$80,500) | This money is reimbursement from the York City School District for SRO's. We will only receive half of what was budgeted because one position went unfilled for most of the school year. |
| 10-500-35210-00000 | (\$50,000) | We have already received 40000 thousand dollars for reimbursed over time. Anticipate another 10000 dollars by year end. |
| 10-500-35212-00000 | (\$200,000) | This is the amount the city will recieve for the Nuisance Abatement Unit through the county crime plan |
| 10-500-35220-00000 | (\$200,000) | This is 50 thousand dollars a month for four more months in 2009 |
| 10-500-35230-00000 | (\$120,000) | We have received half of the anticipated reimibursement for 2009. Second payment was stalled due to budget impasse. This amount is salary and travel reimbursement. In fiscal 2010, these revenue streams will be seperated, just like the up front expenses (salary/travel) have been for 2010 |
| 10-500-37020-00000 | $(\$ 5,500)$ | This is projected revenue, through last 4 months of the year |
| 50-500-39090-00000 | $(\$ 9,949)$ | Calculated: Internal Services |
| 10-500-35200-00214 | $(\$ 61,490)$ | This represents the amount that the York City School District is supposed to pay for the 08-09 school year. To date we have not received any of this amount. Per contract, they pay $75 \%$ of the cost of the crossing guard program as administered by CPC. |
| 50-500-39090-00220 | $(\$ 35,648)$ | Calculated: Internal Services |
| 10-500-35200-00242 | $(\$ 17,500)$ | This is half the amount that Better York and the General Authority agreed to pay for downtown business police patrols. |

COMPUTED BY FORMULA.
With the department perpetually down 5-10 positions, this seems like a more realistic number for regular overtime. This would also include 25,000 dollars in overtime for the records division to integrate the new Records Management System.
With more patrol officers, we will have to pay more out in this area for 2010
Department added several new instructors this year in firearms, this cost will rise next year.
This amount covers the anticipated expense of buying back unused vacation time from several officers.
Request same amount next year.
Calculated: FICA
MMO calculation for 2010
We are authorized to go to 110 officers, each officer is entitled to this if they are here for any part of the year, at 325 dollars per officer.
This amount is largely contractually obligated, as such it must be payed.
Educational costs continue to rise and with cuts in MPOETC funding from the state more officers have indicated that they will pursue other educational opportunities This amount reflects the cost of an engineering study to remodel City Hall and make the whole building a police station.
This cost continues to rise, and with more employees, more use of this fund is foreseen.
Anticipated costs for 2010
We may be required to pay for travel expenses for new hires without MPOETC reimbursements next year. This is reflected in the rise in costs.
